PROFESSIONAL EMPLOYMENT HISTORY

- Jan. 2013 - present **Consultant: ACOTRO Competency Assessment Tool (CAT) Item Writing Workshop**
Toronto, ON
In response to ACOTRO's (Association of Canadian Occupational Therapy Regulatory Organizations) call for participation, I was selected to participate in a 3-day Item Writing workshop (Jan.25-27, 2013) to assist with the development of questions and case studies for the Competency Assessment Tool (CAT) for internationally trained occupational therapists applying to practice in Canada. The group continues to review and fine tune the CAT items in preparation for a trial application later in 2013.
- 2012-present **Associate, de Romilly & de Romilly Limited – Environmental and Labour Consultants:**
Halifax, NS Website: www.deromilly.com
As an associate of this Nova Scotia based consulting firm, I am contracted to provide occupational therapy services with a focus on workplace ergonomics assessment and program development, health promotion and injury prevention education, return to work evaluation, functional abilities assessments/physical demands analysis, in addition to health research consultation on a referral basis (e.g., self-referral, physician referral, DVA/WCB referral).
- 2010-present **Contracted Registered Health Service Provider – Medavie Bluecross:** Halifax, NS
I am a registered, third-party health service provider for Medavie Bluecross. On a contract basis, I provide ergonomic evaluations, worksite assessments, physical demands analysis, assistive/adaptive equipment prescription, wheelchair/mobility and home assessments, transfer training, occupational analysis and accessibility evaluations for various clients (DVA, WCB).
- 2007–present **Site Coordinator & Chief Invigilator, CAOT National Certification Exam** (Halifax site)
School of Occupational Therapy, Dalhousie University, Halifax, NS
Responsibilities include arranging, coordinating and invigilating the CAOT certification exam for the Halifax site twice a year, in July & November.
- 2003-present **Occupational Therapist - Private Practice Consultant (Part-time):** Halifax, NS
Since 2003, I have worked as a private practice consultant providing occupational therapy services primarily in the areas of office and health care ergonomics, vocational and industrial rehabilitation (work site analysis, return-to-work evaluations, physical demands analyses, work design evaluation, functional capacity evaluations), home assessments, mobility and seating assessments, assistive device prescription, safe lifting education, transfer training, and workplace health promotion and injury prevention education.

- 2000-02 **Research Assistant: SSHRC Seed Grant Study, “Job Demands and Wellness of Electronic Sales/Service Representatives”**. P.I.: Dr. Katherine Harman & Dr. Anne Fenety, School of Physical Therapy, Dalhousie University, Halifax, NS
Funding Agency: Social Sciences and Humanities Research Council of Canada
- 1998-2000 **Educational Leave of Absence** from All Saints Springhill Hospital, Springhill, NS, to pursue the Master of Science (Occupational Therapy) programme full-time at the University of Western Ontario, London, ON. Degree obtained in June, 2000.
- 1996-98 **Occupational Therapist - Private Practice Consultant:** Amherst, NS
 I was a private practice OT consultant to Gables Nursing Home in Amherst, NS. Services included seating evaluation, adaptive equipment prescription, ergonomic assessments for nursing home staff, splinting, bed positioning, fall prevention education, transfer training, safe lifting education, and feeding assessments.
- 1995-1998 **Director, Occupational Therapy Services:** All Saints Springhill Hospital, Springhill, NS
 Responsibilities of this diverse position included providing administrative, clinical, management, and direct client care services (inpatient & outpatient) to four rural community hospitals within the Northern Region of Nova Scotia including Advocate Harbour, Parrsboro, Springhill, and Amherst. Outpatient consultation services to community-based Nursing Homes, the Department of Veterans Affairs (DVA), Workers Compensation Board (WCB), and many local industries were also provided on a regular basis.
 This position was instrumental in facilitating the development of a rural-based occupational therapy fieldwork placement and the provision of custom education programmes to hospital staff, nursing home personnel, and local community college Health Care Assistant programmes in the areas of workplace ergonomics, bed mobility and wheelchair positioning, transfer training, and safe lifting practices.
- 1994-1995 **Staff Occupational Therapist:** All Saints Springhill Hospital, Springhill, NS
 This diverse clinical position included providing direct and indirect client care services (inpatient, outpatient, community, and consultation) to four rural community hospitals within the Northern Region of Nova Scotia including Advocate Harbour, Parrsboro, Springhill, and Amherst. Outpatient consultation services were also provided to community-based Nursing Homes, the Department of Veterans Affairs (DVA), Workers Compensation Board (WCB), Cumberland District School Board (School assessments with Cumberland Early Intervention), Springhill Prison, and local industries on a regular basis.
 This position involved the provision of splinting, orthotics, mobility assessments, upper extremity evaluation, home assessments, adaptive equipment assessment and prescription, pain management education (in conjunction with an Outpatient team-based approach), job site analysis, ergonomics evaluation and education for various companies and worksites in

Cumberland County, vocational and job-readiness assessment, and disability case management.

- 1992-94 **Staff Occupational Therapist:** St. Joseph's Hospital, Hamilton, ON
Responsibilities included the provision of client care services to the acute Inpatient Rehabilitation Unit, Geriatric Assessment Unit (GAU), Orthopaedic Unit, Respiriology Unit, Fracture Clinic, and the Clinical Teaching Unit (CTU).
- 1990-1992 **Research Assistant & Lab Technician** for Dr. Richard Wassersug, Department of Anatomy, Faculty of Medicine, Dalhousie University, Halifax, NS
Duties included assisting in experiments pertaining to frog tadpoles (*Xenopus Laevis*) in anti-gravity environments; also assisted with other experiments related to cardiac displacement in various snake species. Other duties included manuscript and grant preparation and review, literature searches, use of library resources, and maintaining an electronic database for reprints.
